Microsoft Elevate

As AI reshapes how people learn, work, and navigate daily life, Microsoft Elevate empowers people to thrive in the AI economy by bringing together Microsoft's technology, workforce development, and global partnerships to ensure the benefits of AI reach everyone.

Grounded in Microsoft's mission to empower every person and every organization to achieve more, Microsoft Elevate's focus is on helping people and institutions use AI to solve real problems, strengthen their missions, and create new pathways to opportunity. We invest in research, partnerships, and systems so AI becomes a force that augments human capability—not replaces it—helping communities scale what works and innovate where change is most needed.

Microsoft Dynamics 365 Business Central

Microsoft Dynamics 365 Business Central is the first comprehensive business management solution leveraging Microsoft Copilot to enhance productivity, spark creativity, and improve business performance with next-generation AI.

Microsoft Elevate and our vast network of partners have deep experience helping nonprofits like yours connect finance, fundraising, service, and operations teams within a single easy-to-use application that streamlines processes and drives data-driven decisions. We understand unique nonprofit requirements around forecasting, budgeting, managing cash flows, managing grants, and reporting to funders and can help tailor the solution to meet your unique needs.

Also, Business Central seamlessly integrates with Microsoft 365, including Outlook, Excel, and Teams, ensuring users can access critical information without switching between applications. And you can rest easy, knowing your nonprofit is backed by the world-class security, flexibility, and scalability of the Microsoft cloud.

The adoption of Business Central and Power BI significantly improved our operational efficiency and decision-making processes. The implementation costs were recouped within one year due to the time saved. "

BC	Team Member	Team	15	$3.20	$48.00

Next Steps

A Microsoft Customer Success Manager will reach out to you within five business days to discuss the results of your assessment. During this call, we aim to learn more about your nonprofit's unique needs and objectives. Following this discussion, we will connect you with a Microsoft partner who specializes in nonprofit solutions. This partner will assist you in conducting a deeper evaluation of Microsoft Dynamics 365 Business Central to ensure it meets your requirements for managing finances and operations effectively.

As part of that deeper evaluation, the Microsoft partner can also help you initiate a 30-day free trial of Dynamics 365 Business Central configured specifically for your nonprofit. Following the trial, eligible nonprofits get Dynamics 365 Business Central starting at $32.00 (USD) per user per month – 60% off commercial pricing.

We hope you will join the growing community of nonprofits – like Blue Marine Foundation – that have moved to the cloud with Dynamics 365 Business Central.
